

I have enjoyed being an ambassador in year 4 because we all had fun presenting our assemblies. We have promoted pupil voice by asking our classes how we can make this school a better place. Our Eco activities have been very interesting and fun because we hung up some bug hotels in the woodland with Morris! Our Fairtrade assembly was about what Fairtrade is and what Fairtrade does. It was so cool when we got to design super heroes for the 4 purposes. It was even better when we even got to make an animation too!
