2. Discussion

Any new ideas for eco council? Caine shared his WWF snow leopard adoption pack. He had lots of pictures, letters and a teddy snow leopard that he has adopted. We talked about endangered animals and ways we can help. Caine said he wants to encourage all children in the school to adopt an endangered animal.

3. Actions

We discussed how to fill in the audit for how children travel to school now.

Warriors have been given the talk every day next week to fill in how children have travelled together.

We read out the poster and powerpoint and thought of questions children will ask about this challenge.

We looked through the prizes the winning class will get.

4. To do for next week:

- Miss Evans will sort recycling pens and batteries to the correct recycling centre
- Collect audit for big walk and wheel
- Share Google classroom Big walk and wheel with their class
- Each day from Monday 21st, warriors are to collect how children got to school
