

Eco Warriors Minutes 29.03.23

Attendees: Dixie, Dolly, Caine, Tillie, Gracie, Hollie, Jemima, Katie

Apologies: Aiden and Bonnie

1. Announcements

- Big walk and wheel - Katie, Dixie, Dolly and Tillie to take the form around classes the next two days to find out how children have travelled to school

2. Discussion

Eco Ideas/ Suggestions from classes?

Hollie warned everyone about seeds and things blowing in the air as one went into her eye when she was outside.

Caine wants a fence around the trees, eco disco to raise awareness and talk about water to the cool. Miss Evans responded she wants children to write down suggestions and ideas children have in each class to feedback in these meetings.

Tillie - reminding everyone to put their rubbish in the bins
Hollie suggested we did another litter pick. We did this during today's meeting. She also reminded everyone about taking the fruit peelings on your day and to have the playground posters outside in the notice boards.

Miss Evans put forward our action plan and our next action is to reduce energy usage in the school. We came up with the idea of 'Black Out Day' that Mrs Thomas had seen happen in her son's school. Miss Evans will confirm a good day for this with Mrs Foulkes and discuss how to find out our energy meter to see how much we use on an average day.

3. Actions

To find where the playground posters are and ensure they are being played.

Black out day - a day where the lights are off, no boards are used or electrical devices, as much as possible children will not use electricity. This will be planned in advance to ensure planning is made appropriately.

Children went out onto the yard to litter pick and this was only half a bag of rubbish, very happy!

4. To do for next week:

- New Eco Code to be displayed on the website and around the school.
- Get a date for blackout day and discuss with staff logistics with planning
- Playground posters to be put in the noticeboards outside.
