II. Agenda Topics

Today's agenda was to discuss in more detail the International Ambassador stall and we discussed being able to hand out some sample of things we would be making for our stall.

III. Assignments / Actions

Discussion again what to include on the stall. The children then asked If we could hand out some samples of what might be on our stall. We decided that next Monday we would offer samples of Sicilian lemonade, that the children will make in group next week and the Italian biscuit, biscotti, Mrs Jones would make that at home to bring in. To let the children know in all of the classes they decided they would create a few posters to advertise our samples.

IV. Safeguarding / Wellbeing

All the children who attended today were happy to be at the meeting and excited about handing out the samples!
