February 2019

INTERNET SAFETY WEEK

Our big focus this term has been working together to be safe online!

Here is just a snapshot of some of the amazing work that the classes have produced this week!

- PC Catrin came to talk to classes about cyber bullying and keeping safe online. We learnt a lot about minimum ages for different social media platforms
- Here are some good examples of the amazing work in lower school for how to be a good friend online!
- Classes have shared online good deeds and internet promises!

Lower School!

Lower school have put their presenting skills to the test as they have brushed up on their bird facts and natural habitats to be the new David Attenborough in producing their own information show! Lower School have really embraced learning in outdoors with making bird feeders and watching the different types of birds visit our playground.

Children in lower school have been testing their own flexibility in PE lessons with making different shapes in gymnastics and using WAGOLL assessment to self assess themselves!

Upper School

Upper school have been travelling back in time and discovering the Egyptians and Ancient Egypt! They have conducted their own research and making a PowerPoint and poster on their discoveries! In order to make their discoveries come to life! Upper school have been writing letters to Lord Carnarvan on their discovery of the tomb Tutankhahum!

Upper school have been getting their science thinking caps on as they have been testing different brightness of torches!

LOOK SMART! ACT SMART!
