

*Aim to learn, learn to succeed ~ Anelu at ddysgu, dysgu i lwyddo*

**Dosbarthiadau Mrs James, Mrs O'Connor, Mr Morgan, Mrs Wilkinson & Mrs Jones**

As a school we have developed our own curriculum, enabling our learners to develop all four purposes of the curriculum – the starting point and aspiration for every child and young person in Wales. We have adopted a themed approach and pupils have the opportunity to voice what they would like to learn which we have linked to Welsh Government requirements; therefore making their learning more purposeful and most importantly more enjoyable!

## Autumn 2021 — Cosmic!

### Language, Literacy and Communication

Pupils will have the opportunity to write for a variety of purposes including newspaper reports, informal and formal letters, poetry and explanation texts. A lot of our writing will be based on our novel 'Cosmic' and we will also be reading Welsh texts such as 'Y Blaned, I Blaned' and 'Y Ffair'

### Mathematics & Numeracy

In our maths lessons, we will be learning and developing skills in place value, algebra, and ratio. We will be solving and using fractions, decimals and percentages and solving problems involving addition, subtraction, multiplication and division. We will also be measuring length, area, volume, weight & capacity.

### Expressive Arts

Designing and making a fairground ride.

Listening to, appraising and composing fairground music.

### Health & Well-being

Pupils will work together to create, review, improve & perform a class dance based on a rollercoaster theme. After half term, pupils will create their own workout fit for an astronaut! Five Ways to Wellbeing is promoted & encouraged at all times in addition to sessions on anti-bullying, respect, friendships & empathy.

### Science & Technology

Through our novel 'Cosmic' we will discover how fairground rides work and learn about planets and the solar system. We will also be planning and carrying out experiments involving mass, weight and gravity.

### Humanities

Through our novel 'Cosmic' we will find out about the history of fairgrounds & theme parks. We'll also learn about astronauts & space missions in history.

Together, we will answer the question "What is Harvest?" and find out more about festivals and celebrations.

Literacy, Numeracy & DCF skills are taught through all subject areas.
